**Beth:**

**I need you to triple check the data to make sure that we have the information correct on the profiles.**

**On the VB641 profile you indicated some liquids. We will need to check this box or at least open the back end of it to insure that there are no liquids. We want to try to dispose of this box and the waste. Of course we need to inspect it to make sure that it is shippable in its present condition.**

**Thanks**
